(You are not their rescuer)

O God my lord , I witness you , your angels and your throne carriers that I like the true good for every man . I did not write this summary except for your generous face purely and sincerely. I ask you who are fulfill call that you make it acceptable and useful to your servants , usefulness of guidance and plain statement …

The prophets before our master Mohamed , peace and pray from God be upon him , had a limit call in time and place . At the same time and place ,there may be found more than one prophet and this is a normal sequence in reaching perfection up till humanity reached its rectitude and it is fully wise , the last prophet , Mohamed , peace and pray from God be upon him, is sent . Since the prophet's mission there were general principals indicates the comprehensivity , abidity and community of this mission .

If we make an investigating view in all religions in the whole world we will find that they are racial religions and not worldwide . The proof which shows that is :

1- Fire Worshipers :

The world knew fire worshiping on ancient times , this people were worshiping nature objects and the most wonderful thing in nature is " Fire " . They had devoted and worshiped it and built temples as well . Fire houses spread at every place . There were no religion except fire worshiping and sanctify of sun . This worshiping had a special traditions and customs which had been done in special places inside the temple , but out side it every one can follow his own vain desires . They are ordered not to put off fire and not to touch water . fire worshiping indicates that it is a racial religion .

2- Indian religion :

This religion appeared in India , its establisher is called " Brahma" who is considered as a great creator . This section of people may be one of the first sections in history . This

section of people had been established upon the principle of human discrimination and discrimination in worshiping between people and also they gave victims to gods . This section of people had a complete thoughts of the God " Brahma " . They made him the soul of trusty and they established temples for him. They considered every human , animal and reptiles as a God to embody the God form people in a perceptible shape and made another things from their imagination and add to this things sacredness and sublimity . This thoughts are limited in India and some regions near it , so it is a racial religion .

3- Bozian religion :

The religion which " Boza " called for is called " Bozian " . It had appeared in India and middle Asia . " Boza" was on of the righteous as he did not agree to be considered as a God , he also refused to live in palace and refused the life of kings although he was a king's son . He lived as a monk but he refused self punishment and deprivation by prohibiting food . Even though all this he was blamed for the priests who changed his thoughts incorrectly by time passing to idolatry for Boza . They made statues for him in squares and carried them every where they go to . This is a proof of mind corruption up till the number of gods in Bozian and Brahma reached 330 million God . This is a racial religion which did not go out India and some middle Asia countries .

4- Zradeshtian religion :

This religion belongs to " Zradesht " who was born in 660 B.C at " Azrbegan " in Iran . " Zradesht " says " The world is controlled by two forces : good and bad , " Ahoramazda " is the power of good and "Ahoraman " is the power of bad . His call was only about how to get people out from the depths of darkness forth into light , from miserable life to a happy one and from bad to good . His followers in India and Iran sanctify fire , water and earth so if one of them died , they did not burn his

corpse as " Hindokian " make and they did not touch it because in their custom the corpse ,after the soul go out from the body , is unclean and detestable and the fire is holy , so they did not want to pollute it by that abomination . They did not bury corpse in earth for the fear of contaminating it as it is the source of sustenance for man. They built towers and put the corpse on its tops for birds to eat . So it is also a racial religion and it was not a world wide .

5- The Confshusian religion :

This religion is established by " Confshus" in China . It is a manner and system for life . This religion represented all Chinas ancient thoughts . But nothing is declared in its instructions about sky and gods . We can say that its instructions is one of the human beliefs . Because the instructions of this religion is that man depends on himself and not to another higher creature or another unseen power . One should reach to what he wants from welfare and happiness by himself and this is done by self educating and politeness , Because right knowledge is the way to a happy life which creates the happy and successful man , make good family , make justice government and finally leads to a world where love , justice and peace prevail . The Chinas people sanctify the anniversary of " Confshus" . Although he is not worshiped , as a God as " Boza " is worshiped , he is considered by people as the greatest Chinas wise . This religion as you see is limited in China so it is a racial religion

6- Judaism :

All the prophets that was sent to children of Israel were calling by our master Moses' dispensation . They did not bring a new dispensation but anchorites falsify the high sky instructions and exchanged it with another instructions . They marked children of Israel over the all human , they considered human being as a servants for them , all the bad deeds they do with other people is lawful . There are some words of their book which is called "ElTalmod"(The Jew has the right in killing or making any

human as a slave , God does not forgive sins for any Jew who returns a stolen money for any man , the Jew is not allowed to loan any foreigner without usury , he is allowed to cheat people who are not Jews and swear falsely to them , they can do guilty of adultery with foreigners' wives because as they think that woman who is not Jew is an animal without a mind) .

The overall commandment which the "Talmod" stated is " collapse any construction , unclean every immaculate and burn every green down so as to benefit a Jew with one fils money . Kill all man , woman , child and very old man in earth and city and also cows , sheeps and donkeys with swords edge) .
Because of all this bad manners , Their message was a racial message belongs to them only and no man tends to follow this bad manners . Up till now you can not find many Jews all over the world , they gathered only in 1948 to establish a home for them by extorting Palestine .

7-Christianity

The Christianity became global although it is a racial religion for Jews . Can our master Jesus rescue the whole world apart from guilty as Christians lie ? . If the four New Testament Gospel prove that the call of Jesus is a private call for children of Israel , and this is the subject of this summary . How can our master Jesus rescue the whole world apart from guilty although he was not sent for the whole world ? . The greatest lie which the Christianity promotes that the whole world is a reproduction from Jews , they say that so as to give the call of the Jesus a worldwide property . What they claim is not true because Pharos , Chinese , Indians and Arabians and other nations are not the sons of Jews and they were at the same time with them , so how were they their sons ?

The Jesus recommended his flowers that " Let your light be a guide for people to see your good deeds and glory your ancestors " (Mata 5/16)

He also said " Every one who looks for a woman with a fornication look , he already committed fornication in his heart . If your right eye is a trap , get rid of it , it is more good for you to lose one of your organs than your whole body is put into hell " (Mata 5/ 28 , 29) .

He also said " Don't resist evil with evil , if some one hit you in your right cheek give him the other one . If some one wants to take your clothes give him your coat also . If some one forced you to walk one mile , walk with him two miles . if some one wants something from you give it to him . If some one come to borrow from you don't refuse . " (Mata 5/39- 42)

He also said " Love your enemies , treat friendly who dislike you , pray for who treat you badly " (Mata 5/44)

Are his followers in Europe and America now follows this morals ? . We don't see now except a group of wicked , bad and killer people follow Jesus , peace from God be upon him , they think that with this bad morals will have his interceding ,

The clubs of bare people , gambling , houses of prostitution , the stock exchange , the international money box , usury banks and betting all that appeared in the countries which follow Christianity .

About killing and blood shed we can say more in the first and second war . About 9 million soldiers and 10 million civilians were killed in the first war in addition to much many homeless and injured . In the second war 70 million people were killed . What is happing now in " Chesham " , " Bosnia " , " Flebeen " , "Liberia " , " Burma " , and " Toyland " does not need description . There is no proof after seeing by the eye .

So the Jesus is innocent from them and from their deeds for two reasons : -

The first : they did not follow his instructions

The second : He did not come for them or for others but he came to the children of Israel as Gospels say .

Let us know this surprising through the pages of this important summary . We ask God , blessed and far is He above having the partners , to open our breasts and make matters easy , he is able to do any thing .

peace and pray from God be upon our master Mohamed and his family and his friend .

Introduction

God save me from evil spirit accursed and ask him , blessed he, to keep me with his care and reconciliation from making a mistake which may hid the trusty , or a forgetting change it , or an error remove it , or ignorance which may causes nervous for wrong way , or desire which may remove the trusty and prove error . I witness you my God that I have faith in all your books and all your prophets who you sent guiding to the rescue way . I need you my God to clear what is hid apart from heart of facts and what is hid of facts apart from eyes because of greed and forgetting the day of account .

Many people don't know the reason way Christianity spread in African , Asian , European and American countries , ignoring this facts harm the human society , because Jesus , peace from God be upon him , followers in those countries will find in this summary a great surprise which proves that they did not follow the avowed trusty , because our master Jesus , peace from God be upon him , only came to show for the children of Israel what was hidden from them , and make easy what they had made difficult and return them to the roots of Torah because he , peace from God be upon him , did not call for new instructions , he did not call for another instructions apart from our master Moses , peace from God be upon him , except some more good moralities which did not announced in Torah because the people

of his age needed them . As it was showed in " Huareeh " news there was not a private religion called Christianity .

It was a great thing that the people of that religion accepted the new moralities he had called for . and also God , blessed he , made his pregnancy and his bearing one of the wonderful events and strange sign which awaken minds to this born and care eyes to his deeds as he did wonderful things from his childhood . God , blessed he , honored him with remarkable thing , especially what was the people of his age compete in from medicine and magic . He , peace from God be upon him , could treat leper and dumb people by god's will . he could bringeth the dead to life by god's will . This are the matters which the leaders of medicine in his age could not do like them as our master Moses , peace from God be upon him , did when he threw his stick and became a snake and eaten all their snakes

Jesus, peace from God be upon him , was simple in his food and clothes to prove for people that he was a poor man . The signs he made were from God who created him also as a sign . He , peace from God be upon him , accepts little less food and sleep on dust and make toilet out side the place . This was for people to be sure that he was a normal man like them , but when the anchorites saw him they realized that he was calling for the trusty . If this trusty appeared they would lose their presidency and religion authority . Jews masters did their best accurately and cleverly to get rid of him because they are sure that his existence would be a degrade and a humiliate for them , but God , blessed and far is He above having the partners , saved him .

In this summary which is small and great in its idea and meaning . We will find inside the four Gospels the proof that the call of Jesus, peace from God be upon him , is a limited call for the children of Israel only . The Roman ruler for Jews countries did not know him and the Arabs of " Canaan " . So his followers

cheated Europe and America by the idea that he is their rescuer although he did not rescue except for his followers from Jews in his age .

Which prove the private call of Jesus

Third : Johanna Gospel

a- We find the witness of Johanna Elmamdan " Yahya the son of Zkarya " prove that Jesus , peace from God be upon him , did not come with a new Legislation but to complete the call our master Moses and especially for the Children of Israel when he said " Moses brought The Legislation but the blessing and trusty were brought by Jesus "
b- He said that he was cleaning with water to make the children of Israel know Jesus , peace from God be upon him.

Some words from Jesus
Indicating that he did not come with new legislation
And proving his the private call for the children of Israel

1- Mata Gospel :
a- (Don't think that I had come to cancel legislation or prophets . I had not come to cancel but to complete . The trusty I say to you : To the time of the earth ending neither a letter nor one point will be cancelled from the legislation up till every thing will be perfect , every one who contradicts one of this minor commandments and taught people to do like him he is called the diminutive in the power and the laws of the heavens) " The fifth trusty signs 17-19 "

If you had believed Moses , you would have believed me because he wrote what I said . If you had not believed what Moses wrote how would you have believed me ?) " The fifth trusty signs 45-47 "

From the previous scripts, the following is indicated : -
First : Mata Gospel :

a- In Mata Gospel Jesus proves that he had not came to cancel legislation which belongs to previous prophets but he had come to complete what his people needed from molarities and he referred to the last and final prophet our master Mohamed , peace and pray from God be upon him, in his saying " the diminutive in the power and the laws of the heavens " that he will cancel those legislation which Jesus referred to by saying " minor commandments " and teach people to follow in his foot

steps , peace and pray from God be upon him, because the religion of the last and final prophet is a perfect and major commandments religion .

b- In the second script of Mata Gospel , after Jesus recover the leprous he was ordered to offer sacrifices to priests according to the legislation of our master Moses because he had not come to disobey it

Second : Johanna Gospel , Jesus was connected closely by our master Moses when he indicated that Moses will complain of the children of Israel to God because of their adamant , he also connected the believing of him with the believing of our master Moses , peace from God be upon him.

Not only for the nation but to collect the scattered God's sons and make them one power also) " the eleventh trusty sings 47-52 "

d- One of the commandments of Jesus to his students : (If the world hatred you , be sure that it hatred me before you , if you were one of the people of the world , the world would love his people , but because you are not from the people of the world , but I chose you from amongst the world , so the world hatred you) " the fifteenth trusty sings 18-19 "

As you sent me to the world , I sent them also to it , for their sake I sanctify myself so as to make the sanctify with the truth) " the seventeenth trusty sings 13-19 "

From the previous scripts the following is declared : -

First : Mata Gospel :

a- When Jesus sent his messengers he recommended them with commandments which prove clearly that his call was private and very limited the children of Israel only when he said : (Don't follow a way to the nations) , he meant people who were not Judaism , but he ordered them to go to the children of Israel and called them as lost sheeps , when he said (go forward to the lost sheeps, to the children of Israel)

b- He recommended them also by saying : If they will be badly treated in one of the Judaism cities to escape to another city , he cleared that they will not go out of Judaism cities up till the son of man comes and he is Mohamed the last and final prophet , peace and pray from God be upon him , because in Gospels they say about Jesus : He is the son of the God .

c- In the story of the Arabian Canaan woman when she begged him to recover her daughter and he refused and assured that he only came to the lost sheeps of the children of Israel and he did not have any matter with the Arabs or other people because he was not sent for them , as he said : (I was not sent except for the lost sheeps , to Israel 's children) . At this story there is a definite proof that the

call of Jesus was private and limited to the children of Israel

Second : - Loka Gospel

a- Jesus did not know except for Judaism encyclopedia and he did not prove that he learnt any nation except Judaism and this is because his call was private .

b- Jesus was moving between cities to call for the power of God , all those cities belonged to Judaism as it was said in Loka Gospel:(He went on giving glad tidings to Judaism)

c- In the commandments of Jesus to his students that he cared for the rescue of children of Israel only and did not care for the whole error world because he was not sent for the whole world but his call was private to the children of Israel .

Third : Johanna Gospel

a- When Jesus said to Judaism : He will leave them , they were sure that he will not go to other people because he was sent especially for them , even so he left them he will go to the rest of Judaism in Greece cities where Jews scattered

b- When Jesus asked his students to return back to Judaism , his students objected fearing of Jews , Jesus said that he has a private call for them . He also said that the Judaism have the light of legislation from our master Moses but the whole world did not have this light an also have the darkness of ignorance and unfaith , he was ordered to be with the children of Israel .

c- When the head of priests and Persia held their meeting and decided that one of the nation should be die as a victim of the Judaism nation , they chose Jesus because he was from them and his call was private for them , as a result of his death " as they say " the God will gather his sons " Judaism as they call themselves " who are scattered and unite them .

d- f- From Jesus commandments and pray for his students it is cleared that his call was private and limited to the children of Israel . About the word " the world " which

was repeated in his previous and following scripts of Johanna Gospel it means the Judaism not human kind

1- Jesus ordered his brothers to go to the world " Judaism " for attending the celebration of the feast saying : (After that Jesus started to wander in "Elgaleel " area , he avoided wandering in Judaism areas , because Jews was doing their best to kill him , when "Elmazal" feast for Judaism was near , his brothers said to him : leave this area and go to Judaism for your followers to see what you do of good works , no one works invisible if he seeks fame , as you do this good works , make yourself visible for the world , his brothers were not believing him , Jesus replied : The suitable time did not come for me , but your time is suitable for every time, the world could not hatred you , but hatred me , because I witness that his work is bad , you , go to the feast , but I will not go to this feast because my time did not come yet , he said that for them and stayed in "Elgaleel " (the seventh trusty sings 1-9)
2- When groups of people went behind Jesus when he returned from " Orshaleem " the word " the world " was named to those groups of people : (In the next day , the crowd ness who came to the feast knew that Jesus will come from " Orshaleem " , they carried palm branches and went to receive him saying : recommend us ! blessed the comer by the name of God ! he is the king of Israel . Jesus found a young donkey and ride it as it was written (Don't be afraid Zionistic daughter because there is a king coming to you riding a young donkey ,firstly, his students did not realize that it was prophet perfect ness . but when Jesus was gloried they remembered that the book said that about him , and they did that for his sake , the group ,which was with him when he awaken the dead "Azeer " from the graveyard , witnessed for

him of that , so the groups went out to receive him , because they heard that he did this sign , Persia said to each others : did you recognize that you had not any benefits ? the whole world went to receive him) which was meant by the whole world , the groups of Judaism behind him " the twelfth trusty signs 12-19 "

3- In Jesus words with priests it is proved that which was meant by the word " world " the Judaism only , Johanna Gospel said : (The chief of priests asked Jesus about his students and teaching , Jesus replied : I spoke to the world Overt speech , and I used to teach in the congregation where all the Judaism gather . I did not say anything in secret . so why did you ask me ? ask whom I spoke with because they know what I said perfectly . When Jesus said that , one of the guards hit him in his face and said : How did you dare to speak with the priest chief in this way ? " the eighteenth trusty signs 19-22 "

Fourth :

From the previous scripts it is clear that Jesus call was private and limited for Judaism only , but the great surprise that the Roman rulers of Judaism did not know Jesus , this cleared in his questions and the bad treatment from the soldiers to Jesus .

" Pelatess " the Roman ruler for Judaism and his soldiers did not know Jesus

1- Mata Gospel :

a- (Jesus stand in front of the ruler , the ruler asked him : Are you the king of Judaism ? he replied : you said) " the seventeenth trusty sign 11 "

b- In the soldiers mockery of Jesus a proof that they did not know him : (They kneeled in front of him laughing at him and saying : Hi , Judaism king) " the twenty seven trusty sign 29 "

c- After crucifying , as Mata Gospel said and we did not agree with them in this point , they put on him a sign indicates that he is connected to Judaism : (They hung a sign above his head written on it : (This Jesus , the king of Judaism) . " the twenty seven trusty sign 37 "

2- Morcos Gospel :

a- (Pelatess asked him : Are you the king of Judaism ? . He replied you said)

b- (Pelatess spoke to them " Judaism " : Do you want me to set Judaism king free ?)

c- (Pelatess returned to ask them " Judaism " : What do you expect me to do with the king of Judaism ?)

d- The soldiers mocked Jesus : (They started to greet him by saying : Hi , king of Judaism . They hit his head with a stick , they spitted him , they were kneeling to him)

e- (The title of his guilty was written as : The king of Judaism)

d- f- (The priests chief were mocking him also by saying to each others : He protected other people but himself he could not protect . Let's see Jesus get ride of the cross so that we see and believe ! and also the two thieves who are crucified with him shamed him .) " the twenty five trusty sign 2,9,12,18-19,26,31-32 " .

3- Loka Gospel :

a- (All their groups took Jesus to Pelatess , they started to accuse him by saying : It became clear for us that this person

make our nation unguided , he prevented them to pay the tribute to the Caesar, he pretends that he is the king Christ ! , so Pelatess asked him : Are you the Judaism king ? . He replied you said , then Pelatess said to the chiefs of the priests and the crowed ness : I did not find a crime in this man ! . They repeated again and again saying : He stimulates the nation , he is a teacher for the whole Judaism from " Elgaleel " to here , when Pelatess heard " Elgaleel " he inquired , are this man from " Elgaleel " ?) " the twenty three trusty sign 1-6 " .
b- (Also the soldiers mocked him , and when he was hung under the sign which titled : This is the king of Judaism , they said to him : If you are the king of Judaism rescue yourself) " the twenty three trusty signs 36-38" .

4- Johanna Gospel :
a- (Pelatess entered his palace and called upon Jesus and asked him : Are you the Judaism king ?) " the twenty eight trusty sign 33" .
b- (Pelatess asked him " Are you a king ? . He replied : You said that I'm a king . So , for that reason I was born and came to this world so as to say the truth , and all good people will obey me . Pelatess said to him : What is the truth ? ,then he went out to Jews and said : I did not find a crime on him , It has been a habit to set one of the prisoners free in the Easter . Do you want me to set Judaism free ? . They totally said : Don't set him free but set "Barabass " free , although "Barabass " was a thief .) " the eighteenth trusty signs 37- 40" .

c- soldiers treatment to him : (They moved near him and said : Peace for you , Judaism king and slapped him) " the nineteenth trusty sign 3" .

d- (Because of this , Pelatess did his best to set him free , but Jews cried : If you set him free you will not be honest to Caesar , because every one who makes himself as a king , becomes an enemy to the Caesar) " the nineteenth trusty sign 12 " .

e- (The time was around the six day of preparing to Easter , Pelatess said to Jews : This is your king . They cried , take him ! Take him ! crucified him , then Pelatess asked them : Do I crucify you king ? The chiefs of priests replied : No king for us but the Caesar) " the nineteenth trusty signs 14-15 " .
f- (Pelatess Hung a sign on the cross ,written on it : Jesus the champion , the Judaism king) " the nineteenth trusty sign 19 " .
g- (The priests chiefs of Jews said to Pelatess : Don't write Jews king , but write this man said : I'm Jews king , Pelatess replied : What I wrote had to be written) " the nineteenth trusty signs 21-22" .

From the previous scripts the following is indicated
First : The Roman ruler for Jews did not know Jesus because of his private and limited call for Jews only , this was clear in his repeated questions in the four Gospels : (Are you Jews king ? Are you from "Elgaleel " . Are you a king ?)

Second : The Roman soldiers did not know Jesus , and this is clear in their mocking and underrating for him , as the four Gospels say .
Third : Jews insisted on crucifying him although Pelatess had the intention of forgiving him " as Gospels say " . In modern time we don't know why pope said that Jews is innocent from killing Jesus – although we have different opinion in crucifying – as the four gospels say .
Fourth : The close connection between Jesus and Jews in his private call because he is called " Jews king " in all the previous scripts
Fifth : From all the previous it is cleared for us that the call of Jesus was private for the children of Israel , because neither the Roman nor the Arabs ,who lived around Jews towns, got any of it . When Jesus ordered his followers to call for his message he did not order other people except for Jews . So Jesus , peace from God be upon him , cleaned Jews alone at his age . It was not proved that he cleaned other people who were not Jews . Johanna gospel said in the third trusty sign number 22 : (Jesus

went with his students to Judaism towns and stayed with them , he started to make them clean)

So , Christians cheated the west , America and some counties of Asia and Africa and deceived the whole people by saying that their message is for the whole people of the world , this is opposite to the previous scripts . The only and sincerely message for the whole people of the world is the perfect , final and collecting of all religions message , the message of the sane Islam which Mohamed ,peace and pray from God be upon him , brought . Let's see the condition of the world before the appearance of this final message . And let's see the happiness which all the humanity has .

The state of civilization for people
Before Islam

O Ye people! When did the equivalent between men appeared ? Is it in the age when kings were the sons of the heaven ? Or in the age when pope and patriarch sell paradise and forgiveness and make legal and illegal laws , in what age man became a brother to the other man ? This Jews see the lank of prophets , kings and doing , as every lank has a certain grade of rising or underling . This is Christianity religion , you see that the priest is ignorant , he eats the best food , drinks the oldest wine , dresses the most beautiful clothes , as his nation believe he is unmistaken and did not do nonsense things , far is he from having a child and they say that God has a child . When a beautiful girl came to sit alone with him he put a stick in front of the room door . When her father , husband and brother see this stick , he bows and go away . The girl said with him and says someone hugged me , someone kissed me and someone cheated me up till mad a sin with him an so on clearly , he paint cross on her abdomen and on her back and her moiety and blessed her , because as they think he is not a man and not from man's son , it is strange . Don't ask about the secret of this private sitting !! but ask about this lacking minds and low spirited souls , how is the clean religion changed to that low deeds ? The cock did not accept that any of its chicken look to another cock although it has one hundred chicken . Blessed who made the honor of cocks above the honor of man .

This is the civilization condition of man before Islam and they still follow it in spite of the this shining light . Not because they follow the right way but because they are violent to their fathers and the fear of losing their supremacy . They also spoke badly about the virtue religion Islam . They did not search for right to know what right and wrong is .

Islam shining

Among an ignorant nation which did not know either a system nor a civilization

Islam light shined on the sky of this barren countries . It is appeared in an ignorant nation which did not have any systems nor industries nor arts , it is appeared between separated hearts and different purposes and increasing evil . When its light shined in this mountain , hills and highlands , It made this souls very great , or made them the most polite people who fed from the lord wisdom , they awaken from ignorance as if every one a prophet or a remarkable king . God removed by them the ignorant , bad and wrong doing cities .

Who are those men , who awaken quickly as a running floods which removed the bad manners and thoughts , . It removed injustice and evil from the earth . Are they angles God sent them down from sky in the shape of men ? or prophets ,God relived them after their death before the end of days so as to guide his people on earth by his justice light and close his servants to his mercy and blessing . They were sinkable in ignorance . Their were more bad than devils , but the master who rescued them from darkness to light . He is the guider who induced good soul and made them lead a straight and perfect life . He is the master , If Moses, Jesus and Ibrahim and others , peace and pray from God be upon them , attended him , they would follow him . The Arabian was in the lowest ignorance but when he listens to this master, peace and pray from God be upon him , he accurately guide and follow his orders . He leaves him after listening to a lot of information going to his people calling them to the truth . We did not learn about a prophet from prophets , peace and pray from God be upon them , has the complete management in a civilized society up till he established the base of the society upon true virtue which is the branches from the Gods laws to our master Mohamed , peace and pray from God be upon him .

The Islam blessings are not limited to Moslems but they are for the whole world , The most people who had usefulness from science Islam are modern Europe and America . They make the best use of "Anduls " science and their discoveries which pleased mankind , and the sciences which they stole from Islamic libraries in cross wars , and which Napoleon took from " Elazhar " the holy safes .

When Jesus came he ordered the rich to leave their moneys and he did not care for the world , he separated the religion from the life when he said : (Give what is belonged to Caesar to Caesar and what is belonged to God to God) . He did not care for family relations because he , peace from God be upon him , when his mother and brother came to permit him , He said : I have neither a mother nor a brother , he looked for his students and said : (You are my mother and brother) " Marcos gospel , the third trusty signs 31-25" . He left behind him instructions of keeping the humankind by marriage . He cared for hearts and left bodies , He said : (I did not come to destroy the law) " but he did not put into consideration all the laws which is connected to bodies , he was true because he did not destroy the all law , if all the people of the earth followed him truly , the cites will be barren lands , and there were not industries nor arts nor science . Up till God sent the final and last prophet Mohamed ,peace and pray from God be upon him , he gave the body and the soul their writes , he built houses for himself and for his family and the mosques for God's worshiping , he got married , he saved money for his family , he ruled between people in quarreling , disputes , he grow with his hand ,peace and pray from God be upon him , and induced to growing , he bought and sold by himself and induced trading . He made for himself what was necessary for him . he induced industries . He ,peace and pray from God be upon him , beautified when he was meeting groups with the best decoration , he liked legal food and drink if God give them to him legally , he was clean and liked cleanness and the beautiful of all thing , he is a perfect modest ,peace and pray from God be upon him , he accepted the least of everything .

All that because he is a lightening sun for all the world . and he is the last and final prophet of God . God sent him with all good , virtue and guiding . If the minds declined from rights to a violent to fathers and proud ness of authorities and presidency and desire of what is ending , if this minds cleared from ignorance they will follow Islam legislations and they would do their best to remove who prevent them from it if he is a father or a mother , and what is prevent them from ownership and money . if the Islam tolerance touched hearts , the breast would widen , and there will be no man who does not follow Islam .

I Ask God , far is He above having the partners , to gift the groups of Islamic people by their gathering , and the gift of their combination and lone , and a light to recommend themselves . and a leaders who loves and loved by him , I Ask God , far is He above having the partners , to make Islam light appeared by the force of Moslems , and remove the wrong modification by the sureness light , and relive the Sunna , and put his words on top , He is able to do everything and fulfill everything .

It is done by God's thanks „„
